Academy e-letter
Volume 4, Number 3
March, 2005

From the Desk of J. R. Brandt, DC, FACO
President, Academy of Chiropractic Orthopedists

Good Morning Doctor,

Foot Levelers has joined our family of Academy sponsors this month. Foot Levelers has been a stalwart for the orthopedic specialty. They have quality supplies and products available that could benefit many of our patients. Please go to the website (www.dorthoacademy.com) and click on the Foot Levelers link. We look forward to their participation with the e-journal. Thank you!

The Academy is anticipating an expansion of its activities in 2005 -- enhancing some projects and beginning some new ones. We will need your help. If the Academy is to remain strong in education, continue to support our colleges, universities and research projects, we will need your help. When asked to participate, we will really appreciate your help, if you can. We are all busy with work and family, but it's important to give some back to our specialty as well.

The Board has elected this year's grant monies to FCER to be used in distribution of research material to the profession, researchers or other interested parties. This will not only benefit the researchers, but also the colleges and universities. We realize this is a change from previous years, but we asked where the need is the greatest, and we are helping to fill that void. Thank you for your membership and support, it makes a positive difference.

Next month we will have a partial wrap up of the Diplomate examinations that will be given by the Coalition (Academy, ACCO and CCO) in Toronto and San Antonio.

April...Fool's Day on the 1st and Uncle Sam on the 15th...whoopie!
