

Greetings!

On behalf of the Academy of Chiropractic Orthopedists I would like to wish all of you a Happy Thanksgiving.

We are thankful for your support of the mission of the Academy.

We are thankful for so many of you who have volunteered to help with Academy committees and projects.

We are thankful for the ideas and suggestions that you send to us.

We are thankful for the incredible job the members of the Editorial Review Board have done to continually improve the Journal. I have been told that we have more articles submitted than have been for any other JACO....again, thank you to the membership for understanding the value of participating and contributing to your JACO.

We are thankful to our Coalition partners who have worked so hard in putting together a terrific educational program at the specialties annual orthopedic symposium (ACCO). For representation of orthopedics on the national stage and always working to protect the specialty (CCO). For having developed an examination review that has proven to be well done by the results of the success of candidates for the Diplomate examination (TCCO).

I am truly thankful for the Academy Board members who continually push, pull and do whatever they can to keep the Academy moving forward. They are visionaries and are not happy with the status quo. Happy Thanksgiving to you and your family.

The unthankful heart ... discovers no mercies; but let the thankful heart sweep through the day and, as the magnet finds the iron, so it will find, in every hour, some heavenly blessings! Henry Ward Beecher
Thank you everyone!
